U.S. ARMY

AREAS OF EMPHASIS

The **Program Manager – Position, Navigation, and Timing (PM PNT)** ensures overmatch capability through innovative acquisition & rapid integration of cutting-edge Modular and Open System Assured PNT technologies.

- Contract Administration
 - CPARs
 - CORs
- Program Execution
 - Execute on time, Bill on Time, Get Paid on Time!
- Expenditure Rates
- Contracting Toolkit
- Expanded and increased use of OTAs
 - Consortium vs Standalone
 - Benefit of Non-competitive opportunities
- Upcoming Opportunities

CONTRACTING TOOLBOX

Core Competencies:

 Negotiated Procurements

 Commercial Items

 Service Contracts

 Simplified Acquisitions

 Strategic Sourcing

 Assistance Instruments

 OTAs

* Strategic Sourcing Vehicle

DIVISION A

- MITRE FFRDC*
- R&D
- SBIRs

DIVISION E

- Sustainment Support
- SSES NEXGEN MATOC*
- Software Development
- Software Sustainment

FT. HUACHUCA

- CHES
- BPAs
- IT/Infrastructure

TENANT

- CHES
- Reverse Auctioning
- Facilities 8(A) MATOC

DIVISION B

- RS3 MATOC*
- ACAT Support
- CHS-5 IDIQ*

ADELPHI

- R&D
- Grants/Agreements
- Assistance Instruments
- OTAs
- BAAs

NATICK

- JERDAP MATOC *
- OPETS MATOC *
- Assistance Instruments/OTAs
- ACAT Support
- R&D

TOBYHANNA

- Depot Support
- PPPs

DIVISION C

- Secure Contracting
- ACAT Support

FT. BELVOIR

- OTA Consortium
- ACAT Support

ORLANDO

- JERDAP MATOC *
- OPETS MATOC *
- Assistance Instruments/OTAs
- ACAT Support
- R&D

COVID RESPONSE CELL

- OTAs
- TIAs
- PIAs

DIVISION D

- FMS
- ACAT Support
- RAND FFRDC

EDGEWOOD

- JERDAP MATOC *
- JECLASS MATOC *
- ACAT Support
- R&D

RTP

- R&D
- Grants/Agreements
- Assistance Instruments
- OTAs
- BAAs

CONTRACTING OPPORTUNITIES

- Quarterly ACC-APG Competitive/Fair Opportunities posted to <https://beta.SAM.gov>
- Soldier Center's Broad Other Transaction Authority Announcement
<https://www3.natick.army.mil/NSRDEC-BOTAA.aspx>
- Small Business Innovative Research (SBIR)/Small Business Technology Transfer (STTR)
www.dodsbirsttr.mil
- Defense Innovation Marketplace
<https://defenseinnovationmarketplace.dtic.mil/>
- DoD Technical Exchange Meetings
- Network Cross Functional Team Technical Exchange Meeting
- Army Xtech Search
<https://www.arl.army.mil/xtechsearch/>

DOING BUSINESS WITH ACC-APG

- Identify your product or service. Create a capabilities statement
- Visit your nearest Procurement Technical Assistance Center (PTAC) or Small Business Development Center for assistance (SBDC)
- Obtain Data Universal Numbering System (DUNS) Number or a Contractor & Government Entity Code (CAGE)
- Research mission of potential ACC-APG Customer
- Identify Prime Contracting and subcontracting opportunities
- Register in the System for Award Management (SAM)
- Familiarize yourself with DOD contracting regulations and procedures
- Seek additional assistance as needed
- Market your capability well
- Lastly, explore other Federal opportunities i.e., SBA programs, GSA's Federal Supply Schedule

For more information contact the APG Small Business Office

S3COE SYMPOSIUMS

Please send RSVP requests to the APG S3CoE email address usarmy.apg.acc.mbx.acc-apg-s3coe@mail.mil

NEXT UP: Post Award Debriefings for DoD Acquisition

9 June 21 | 9 – 10:30 | Virtual

All symposiums registration details
will be publicized
on <https://beta.SAM.gov>

Q1

~~Cybersecurity Maturity Model Certification for DoD Acquisitions~~

9 Dec 20 | 9 -10:30 am | Virtual

Q2

~~Artificial Intelligence in Federal Acquisitions~~

17 Feb 21 | 9 -10:30 am | Virtual

~~Open Architecture in Federal Acquisitions~~

14 Apr 21 | 9 -10:30 am | Virtual

Q4

Post Award Debriefings for DoD Acquisitions

9 Jun 21 | 9 -10:30 am | Virtual

INDUSTRY ENGAGEMENT

S3CoE Outreach

The ACC-APG Strategic Source Selection Center of Excellence (S3CoE) connects with industry to advance the interests of ACC-APG and its mission partners.

Training With Industry

Equip ACC-APG workforce with the skills not readily available through military or civil education programs.

POC: Dana Dowell
Dana.I.dowell.civ@mail.mil

Industry Days

Targeted events designed to highlight present requirements and discuss issues pertinent to a specific community of interest

Forecasts to Industry

Regularly updated RFIs posted to [Beta.Sam.gov](https://beta.sam.gov) to facilitate dialogue with Industry Partners prior to release of announcements

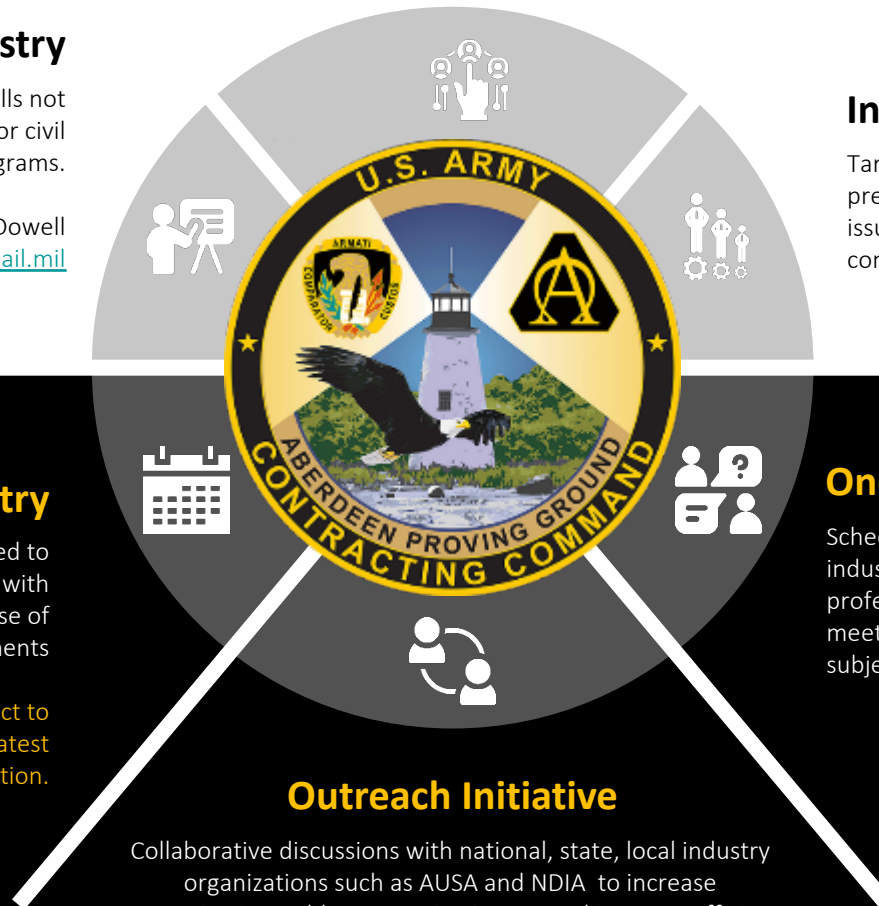

*Solicitations and requests are subject to change. Please refer to site for latest information.

Outreach Initiative

Collaborative discussions with national, state, local industry organizations such as AUSA and NDIA to increase communication, address pressing issues, and increase efficiency of the contracting process

One-on-One Meetings

Scheduled meetings between potential industry partners and acquisition professionals. Please due to current climate meetings will be held in a virtual forum and is subject to availability

CATEGORY MANAGEMENT

10 Federal Level 1 Categories. Weapon systems not included in these categories.

COL SUNDIATA-WALKER

- NRTIO Opportunity: Awarded to 22nd Century Technologies, Inc. effective 10 May 2021.
- BC2 Opportunity: Solicitation W909MY-20-R-A017 targeted for release 14 May 2021.

***The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services. All information provided is subject to change, including specifications, requirements, acquisition strategy, and funding, and nothing provided during this briefing is to be considered a government commitment or obligation.*

- RS3 MATOC unrestricted solicitation
- Anticipate RS3 Gate Criteria Approach – below reflects the tentative criteria being considered:
 - *The Offeror shall provide demonstrated experience on a qualified project to operate, maintain, sustain, enhance, and modernize a Biometrics repository similar to DoD ABIS.*
 - a) *A qualified biometrics project shall be within five (5) years of issuance of this RFP with an annual value equal to or greater than \$20 million (contracts, task orders, delivery orders, or subcontracts).*
 - *The Offeror shall submit at least two examples of a PWS, SOW or SOO providing scope of experience and include historical evidence i.e., a copy of each contract or task order. Offeror shall demonstrate:*
 - a) **Relevant Biometric Program Experience:** *Demonstrate prime or sub-prime contract experience for at least two Government biometric systems with a minimum daily capacity of 45K biometric transactions. The system should include Biometrics processing, store, match and share for at least three biometric modalities.*
 - b) **Relevant Cloud Program Experience:** *Demonstrate prime or sub-prime contract experience for at least two Government Impact Level 5 (IL5) systems of similar complexity within the past two years.*
 - c) **Cybersecurity Certifications:** *Demonstrate a corporate security certification (e.g. Fedramp, ISO/IEC 27001, SOC II, COBIT, NIST).*
 - d) **Quality Certifications:** *Demonstrate an industry-recognized corporate quality certification (e.g., ISO 9001).*

The Gate Criteria May Change Prior To Solicitation

***The forecast data is for planning purposes, does not represent a pre-solicitation synopsis, does not constitute an invitation for bid or request for proposal, and is not a commitment by the government to purchase the desired products and services. All information provided is subject to change, including specifications, requirements, acquisition strategy, and funding, and nothing provided during this briefing is to be considered a government commitment or obligation.*

- The TLS EAB team began an Industry Working Group (IWG) engagement by sending draft documents to TS-SCI cleared vendors on 26 March 2021 (cover letter, acquisition strategy, deliverables charts, info paper with A-CDD content, SW architecture, capability statements, security clearance guide, CMOSS guide). This strategy relieved COVID and security classification concerns. Industry comments were due back 09 April 2021 via JWICS on a Comments Review Matrix (CRM). We examined those comments, responded as necessary/appropriate to questions and utilized the comments to refine our requirements and acquisition strategy. The AROC to approve the newly drafted A-CDD is currently scheduled for 09 July 2021.
- The C5 OTA will be used for this effort
- Release of Industry Announcement through beta.SAM on 08 March to help form Request for White Papers
- Team will continue virtual engagements with Industry until COVID restrictions are lifted
